Milu Odourless In-Wall Cistern for Floor Mounted Pan

Code: 8053C

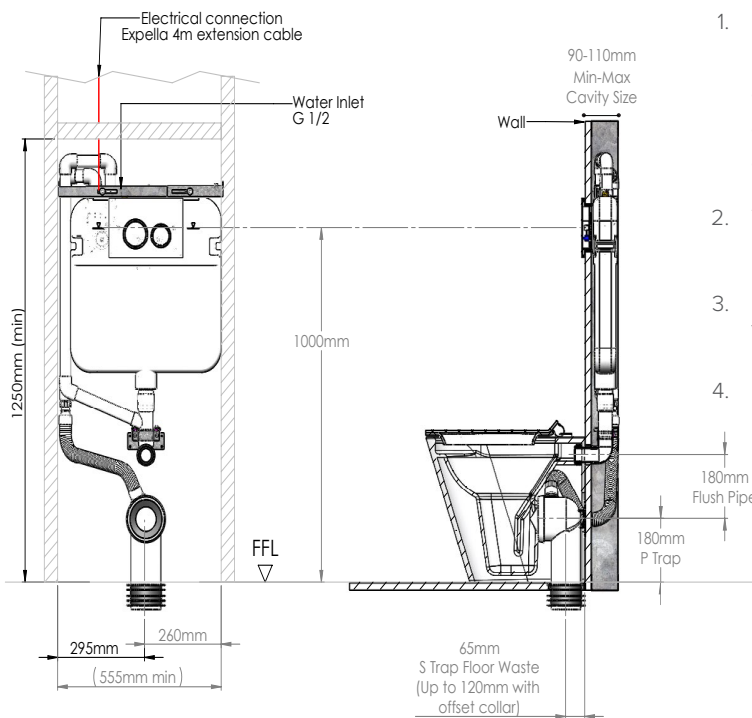

Features

- Odourless In-Wall Cistern for Floor Mounted Pans is designed with Expella's patented inbuilt ventilation system. Designed to be paired with the Mod or Crest Floor Mounted Toilet Pans.
- The concealed cistern comes with Expella's patented inbuilt ventilation system.
- Adjustable fixing brackets to simplify installation.
- Universal elbow (trap)
- Odours are extracted from the toilet bowl at a rate of 3.5 litres per second

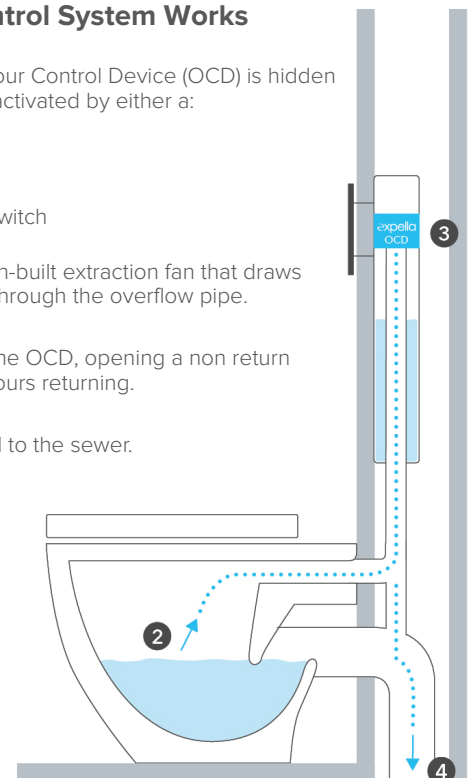

Technical Details

Note: All measurements are in millimeters

How the Odour Control System Works

1. Expella's patented Odour Control Device (OCD) is hidden inside the cistern, it is activated by either a:
 - Light switch
 - Manual switch
 - Automatic sensor switch
2. The OCD contains an in-built extraction fan that draws odours from the bowl through the overflow pipe.
3. Odours pass through the OCD, opening a non return valve that prevents odours returning.
4. Odours are discharged to the sewer.
